

## Special Issue on Advanced Optoelectronic and Electronic Devices toward Future Displays

—Celebration of the 10th anniversary of the State Key Laboratory of Advanced Displays and Optoelectronics Technologies at HKUST

Guest editors: Hoi-Sing Kwok and Zhiyong Fan

### ■ EDITORIAL

090101 **Preface to Special Issue on Advanced Optoelectronic and Electronic Devices toward Future Displays**

[2 pages] Hoi-Sing Kwok and Zhiyong Fan

### ■ REVIEWS

091601 **Low-temperature metal–oxide thin-film transistor technologies for implementing flexible electronic circuits and systems**

[8 pages] Runxiao Shi, Tengting Lei, Zhihe Xia, and Man Wong

091602 **Advances in mobility enhancement of ITZO thin-film transistors: a review**

[15 pages] Feilian Chen, Meng Zhang, Yunhao Wan, Xindi Xu, Man Wong, and Hoi-Sing Kwok

091603 **Impedance spectroscopy for quantum dot light-emitting diodes**

[13 pages] Xiangwei Qu and Xiaowei Sun

091604 **Organic-inorganic halide perovskites for memristors**

[8 pages] Memoona Qammar, Bosen Zou, and Jonathan E. Halpert

091605 **A landscape of  $\beta$ -Ga<sub>2</sub>O<sub>3</sub> Schottky power diodes**

[10 pages] Man Hoi Wong

### ■ ARTICLES

092601 **Fluorination-mitigated high-current degradation of amorphous InGaZnO thin-film transistors**

[5 pages] Yanxin Wang, Jiye Li, Fayang Liu, Dongxiang Luo, Yunping Wang, Shengdong Zhang, and Lei Lu

092602 **Low-temperature conformal vacuum deposition of OLED devices using close-space sublimation**

[6 pages] Bryan Siu Ting Tam, Shou-Cheng Dong, and Ching W. Tang

092603 **Enhancing performance of inverted quantum-dot light-emitting diodes based on a solution-processed hole transport layer via ligand treatment**

[7 pages] Depeng Li, Jingrui Ma, Wenbo Liu, Guohong Xiang, Xiangwei Qu, Siqui Jia, Mi Gu, Jiahao Wei, Pai Liu, Kai Wang, and Xiaowei Sun

092604 **A dual-mode image sensor using an all-inorganic perovskite nanowire array for standard and neuromorphic imaging**

[8 pages] Zhenghao Long, Yucheng Ding, Xiao Qiu, Yu Zhou, Shivam Kumar, and Zhiyong Fan

- 092605 **Photo-induced flexible semiconductor CdSe/CdS quantum rods alignment**  
[7 pages] Wanlong Zhang, Julian Schneider, Maksym F. Prodanov, Valerii V. Vashchenko, Andrey L. Rogach, Xiaocong Yuan, and Abhishek K. Srivastava
